## Where To Eat, Drink, And Sunbathe In Capri

By Noora Raj

It's high season in the glitzy Mediterranean getaway for a reason—summer is one of the best times to visit. Here's how to make like a regular, whether dining on Michelin-starred cuisine or unwinding at the chicest people-watching perches.

The word *glitterati* first appeared in the American lexicon to describe the globe-trotters of the 1950s who were as well known for their artistic sensibilities as they were for their fast-flying lifestyles. As they gallivanted through winters in Gstaad and summers in the Mediterranean isle of Capri, the latter became synonymous with the hedonistic elite, who were drawn to the sunny getaway for its breathtaking scenery, epicurean delights, and high-end retail. Locals are rich with tales of the island's famous denizens, including Jackie Onassis, Liz Taylor, Sophia Loren, and the Chilean writer Pablo Neruda, who spent a summer living in a villa here after his exile. If you've ever had the urge to step into a Slim Aarons photograph (naturally, Capri was a favorite of the high-society shutterbug), here's where to eat, sleep, and sunbathe to experience the island as it was in its heyday.
